

WILL REPAIR ASPHALT

Ten Year Guarantee Period
About to Expire.

WORK IS BADLY NEEDED

Engineer Pearce Will Report on Condition to Committee, and as City Holds \$20,000 Belonging to Company, Repairs Will be Made.

At the next regular meeting of the council committee on highways and sewers preparations will be made for repairing of all of the sheet asphalt paving in this city. This paving was put down ten years ago by the Cleveland Trinidad Paving Company, of Cleveland, Ohio, with a contract guarantee for ten years.

The city holds \$20,000 of the money due the paving company as a guarantee that the paving will be kept in good condition for ten years. The paving along Washington avenue and on Twenty-fifth street is badly in need of repairs and several months probably will be required for the work.

The committee will have the city engineer go over all of the sheet asphalt paving and determine what repairs are necessary and report to the committee. This report will be sent to the council for approval and the paving company will be instructed to begin the repairs.

All repairs that may be needed after January 18, 1911, will have to be made by the city and the cost of keeping up the pavement will be quite an item each year.

AROUND THE WORLD IN 37 DAYS.

Faster Trains in Russia Shorten the Trip by 24 Hours.

Another hitch has been taken in the tightening girdle of the earth, and the effect is to bring China and Japan one day nearer for he who journeys thither by way of London, Paris and the Siberian Railroad.

The 24 hours have been clipped from the railroad schedule between Moscow and Vladivostok in Russia by doing away with tedious waits at several principal junction points.

Under the new schedule a tourist who leaves London on Monday may reach Yokohama on the second Monday following, or at Shanghai on the second Wednesday, 14 and 16 days, respectively.

For the globe trotter wishing to keep right on going west, the new schedule enables him to catch the fast Canadian Pacific steamship leaving Yokohama Tuesday. Thus in 26 days one may journey from London to Vancouver via Vladivostok, and may complete the circling of the globe in 37 days, less than half of Phineas Fogg's 80-day record.

The through train will run only once a week under the new schedule, having been arranged especially to travel by the overland route.—New York Times.

FIVE MISDEMEANOR CASES DOCKETED TODAY

Jury in Corporation Court to Dispose of Appeals From Police Court.

Five misdemeanors cases appealed from the police court are docketed for trial before Judge Barham in the Corporation Court today. Two of these cases are of assault and battery, one of petit larceny, one of destroying property and the fifth of unlawfully changing of name.

W. T. Boker, alias W. Miller, is the man charged with unlawfully changing his name and this case is being watched with interest. It is said that collectors have much difficulty in collecting money in many instances because the people who owe the money make bills under one name and live under another name.

The cases to be tried today are: Commonwealth vs. Hattie Lee, larceny.

Commonwealth vs. W. D. Leake, destroying personal property.

Commonwealth vs. W. T. Booker, unlawfully changing name.

Commonwealth vs. James Wood, assault and battery.

Commonwealth vs. L. V. Hollingsworth, assault and battery.

Girl Her Own Groom By Choice.

Loula Long, daughter of one of the richest men in Kansas City, attracted much attention recently in the London horse show because she acted as her own groom in looking after her pet horse, King. She proudly admitted she washed the feet of her horse and groomed her other horses. She has exhibited horses in various American shows and took several horses to London to show them. "I just love horses and anything that has to do with them," she said. "I now have 12 of my own. King is a handsome horse and there is a look in his eye that reminds me of a startled deer. Whenever I can I always like to attend to my horses personally. Nothing pleases me more than to groom and wash them down. Currycombing horses is one of the finest sports in the world. I have had ponies and horses ever since I can remember. I have trained them and taught them to do tricks. I could make one kneel, lie down and pretend to be dead."—New York Press.

Killed in Auto Accident.

NICE, FRANCE, June 23.—An automobile occupied by Mr. and Mrs. Henry, Americans, and Madame Matton, ran into a ditch and was overturned near Cartellano, in the department of Basse-Alpes, today. Madame Matton was killed but Mr. Henry was badly injured. The latter's wife escaped unhurt.

No Fear For Pittsburg Remoos.

Ninety-one marriage licenses were issued yesterday. This is the largest number granted in one day for the past several years. Marriage License Clerk George W. Watson said that for the "thirteenth" of the month this record has never been equaled in the history of Pittsburg.

As a rule "the thirteenth" is considered unlucky and couples contemplating getting married generally wait until the next day. Other days when "the thirteenth" came only a few English-speaking people would apply for a license, the foreigners, as a rule being in the majority.—Pittsburg Gazette-Times.

TAFT BRINGS HOUSE AROUND HIS WAY

(Continued from First Page.)

be opposed by your brotherhood.

"The laboring man and the trades-unions, if I understand him, asks only equality before the law. Class legislation and unequal privilege, though expressly in his favor, will, in the end, work no benefit to him or to society."

LABOR UNIONS LOSE BY HOUSE VOTE OF 138 TO 130

Following a lively debate and by a vote of 138 to 130, the house today agreed to the senate action striking out a provision in the sundry civil bill that would have affected this immunity.

When the sundry civil bill was before the house that body tacked on to it an amendment by Mr. Hughes, of New Jersey, Democrat, that no part of appropriations for the enforcement of the anti-trust laws "shall be spent in the prosecution of any organization or individual for entering into any combination or agreement having in view the increasing of wages, shortening of hours or bettering the condition of labor or for any act done in furtherance thereof, not in itself unlawful."

The senate struck out the amendment. The house then instructed its conferees to stand firmly by that provision and the senate conferees, representing such an iron clad direction, refused to consider the item. Today Mr. Tawney, of Minnesota, one of the house conferees, moved that the house recede from its position and concur with the senate's action. The motion stirred up a hornet's nest. Many members, unconscious of the possible labor interpretation of their votes in the coming election, participated in the debate to make clear their positions.

Parable of the Tares.—Matt. xiii: 24-30, 36-43.

Golden Text.—Then shall the righteous shine forth as the Sun in the kingdom of their Father, Matt. 13:43.

Verses 24, 36-38.—How many meanings has the phrase "the kingdom of heaven" in the New Testament, and what is its meaning here?

Who does the man who sowed good seed, stand for in this parable?

What instruments does God use in sowing His good seed?

What is the field in which the good seed is sown?

Verses 25, 38, 39.—Who does the enemy stand for who sowed tares among the wheat during the night?

What motives actuate the devil in his delight in doing evil?

Give some example of how bad men delight to do evil?

What was the effect of tares among the wheat, and what is the influence of bad men in the church and in the world?

Verses 26.—What is the legitimate fruit of a good man, and that of a bad man?

Verses 27.—God is the embodiment of good, then why does he permit evil in the world?

Is evil, in any sense, a part of God's plan in the final development of good? Why or why not?

Is the devil a power in the world independent of God, or is he under the control and necessary to the plans of God?

What would you say is God's purpose in permitting the devil, and bad men, to exist?

Verses 28-29.—What would be the effect if the tares, or weeds, should be pulled up while the wheat is growing?

Pictures of Roosevelt's Arrival

On the final vote, which gave a knock out blow to the Hughes amendment and left the way clear to easier agreement on the sundry civil bill, the following Republicans voted with the Democrats for the Hughes amendment:

The Voting.
Austin, Tennessee; Cary, Cooper, Lenroot, Nelson and Stafford, of Wisconsin; Davis, Minnesota; Fish, New York; Greene, Massachusetts; Focht, and Reynolds, Pennsylvania; Hubbard, Kendall and Woods, Iowa; Call, Krommiller, Maryland; Lundin, Rodenberg and Wilson, Illinois; Murdock, Kansas and Peladexter, Washington.

The Democrats, who voted with the Republicans:
Bartlett, Nevada; Shirley, Kentucky, and Page, North Carolina. There were sixteen present who did not vote and numerous pairs of Democrats with the Republicans.

The bill was sent back to conference with the house's amendment eliminated from further consideration.

A Pleasant Surprise

That's what you've got coming when you get your first month's gas bill for cooking and lighting.

We venture the opinion that it will not be one-half as large as you expected it would be.

If you think that gas is too expensive for you to use for cooking why not satisfy yourself on that point?

We'll charge you nothing for telling you about what the amount of gas you'd likely use would cost you each month. Just think of the comfort you're missing by not having a gas range.
